Dan,
Thank you for the update. Hope to be able to talk to you soon again, later this week or early next week.
Thx.
CJ

Hey CJ,

I looked at and confirm your changes for the offshore data and nearshore data and have incorporated those corrections. The changes in the RPA file only appear to impact the summary for BOD, there doesn't appear to be a noticeable impact on anything else (small changes in CVs that don't appear significant).

Thank you,

Dan Connally

Aloha Dan,

For your information, I am attaching the Sand Island Excel spreadsheets which lays down side by side the data that you folks have gathered from our DMRs to the data we acquired from our DMR records. I think for the most part, you can see what we have done but I will walk you through it during our conference call. The purpose is to go over these numbers and to discuss where there are potential shortcomings based from our evaluation.

Thx.

CJ

P.S. As noted, we may have the Kailua data for discussion in time for discussion. If so, we will send you the Kailua data evaluations.
